WELCOME MESSAGE

Dear Esteemed Colleagues,

Mumbai will glow with the unique **4th World Congress on Cardio Kidney Metabolic Medicine** scheduled to be held w.e.f. **18th-19th April, 2026**. The **WCKMM-2026** promises to be a unique academic extravaganza.

Medical science is a rapidly advancing field where yesterday's facts may become matter for the archives to store and today's facts may not find agreement with experts of tomorrow. Continuing medical education is therefore an integral part of medical profession.

The conference will cover diverse aspects of cardio Kidney metabolic medicine with current and futuristic approaches. Panel discussions, debates, interactive sessions, quiz and hot topics in various fields are scintillating attractions of the conference. The featured faculties are leaders in their own field with national and international repute and the format will allow considerable interaction with the faculty. I am sure the scientific programme will attract the medical fraternity from diverse fields.

A galaxy of speakers from different parts of the globe will be addressing on current issues in cardiac imaging and clinical cardiology. I am sure the delegates will enjoy the flashes of their expertise during their discourse. On behalf of scientific committee, I have great pleasure in inviting you to actively participate in this conference.

The recent technological advances has no doubt greatly facilitated the delineation of various diseases and also reduced the risk during interventions but most of these procedures are costly and beyond the reach of a common man. Attention should therefore be paid on economics of treatment also so that health care does not remain the preserve of few and fruits of research are distributed to those who need it the most irrespective of their financial status.

Mumbai, the commercial capital of India and heart of the Bollywood film industry awaits for your gracious presence.

I am sure the deliberations of the conference will contribute towards better patient care.

(Dr. P.C. Manoria)

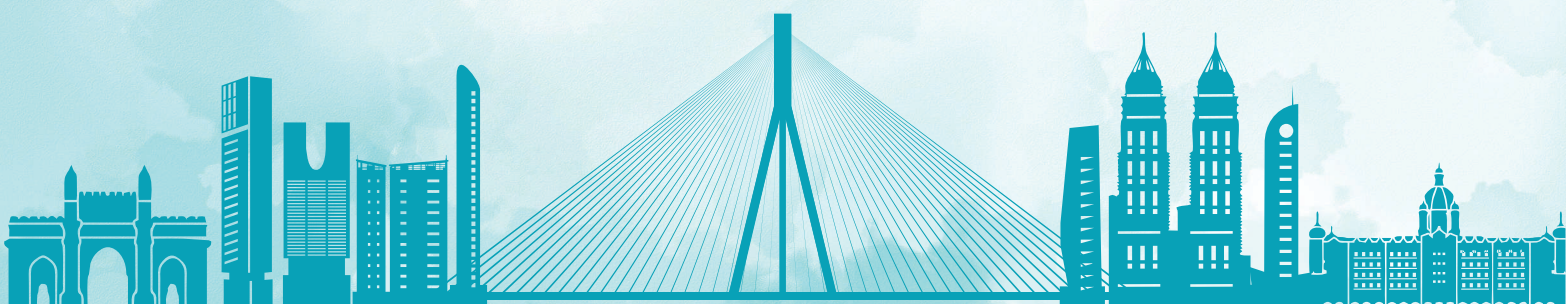

MD, DM, FACC, FESC, FCAPSC

Executive President

Scientific Committee

WCKMM Mumbai-2026

Director, Manoria Heart & Critical Care Hospital, Bhopal

WELCOME MESSAGE

Dear Esteemed Colleagues,

Diabetes and Cardiovascular disorders are both rapidly increasing and are considered the new burgeoning epidemic in the world. Despite all the favorable impact of the progress made for the treatment of CV disorders during the past 50 years and the resulting decline in CV mortality recent data show that increasing number of patients with diabetes might soon counter all the gains made.

Diabetes increases the risk of heart attack, stroke, atherosclerotic vascular disease, renal failure and blindness. However, newer drugs & therapeutic strategies developed during the past decade can significantly & favorably alter these risks. It is therefore critical for all clinicians specially those treating such patients regularly to fully understand the mechanisms & the role of these newer treatments & drugs to apply them appropriately in their clinical practice. The **4th World Congress on Cardio Kidney Metabolic Medicine** is designed specifically to provide the clinicians with adequate knowledge & expertise in these areas through the medium of not only didactic lectures but also case presentations & panel discussions with ample time for audience participation. The faculty will consist of both national & International experts in this field.

Dr. Prakash C. Deedwania

MD, FACC, FAHA, FACP, FCCP

International Chair

Scientific Committee

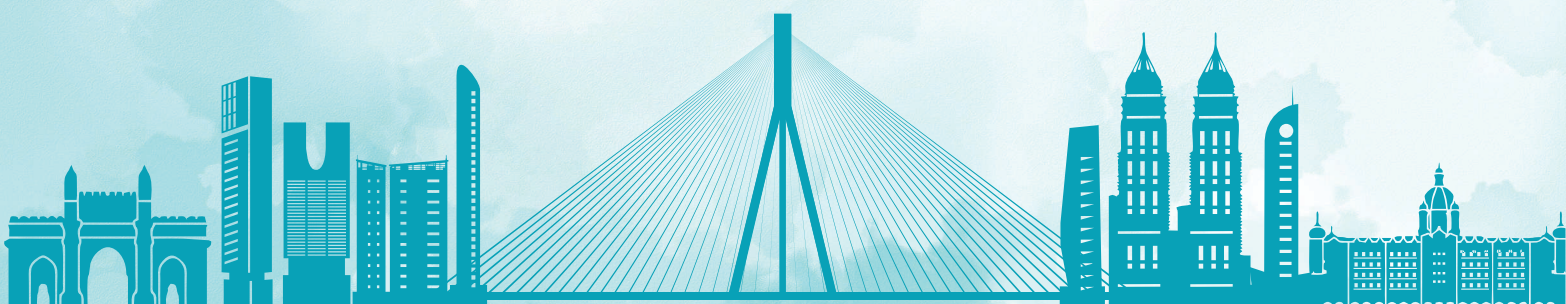

WCKMM Mumbai -2026

Professor of Medicine

University of California San Francisco (USA)

Chief of the Cardiology Division for the Veterans Administration

Central California Health Care System (USA)

WELCOME MESSAGE

Dear Colleagues,

It gives me immense pleasure to learn that the **4th World Congress on Cardio Kidney Metabolic Medicine** scheduled to be held in Mumbai from **18th-19th April, 2026**. Cardio Kidney Metabolic diseases are the leading cause of morbidity and mortality worldwide. Updating knowledge in this field is mandatory to keep abreast of the cutting-edge advances in these diseases and optimize outcomes.

I congratulate Professor Manoria for his contributions to the field and tirelessly educating the physician community through organization of various highly informative symposia and conferences including the World Congress on Cardiometabolic Medicine. This subspecialty of medicine is rapidly growing and needs to be enthusiastically supported. Leading experts from across the globe are expected to participate in the forthcoming conference. I am confident that Dr. Manoria will deliver a comprehensive scientific agenda for the burning issues in the field. I am equally sure that the proceedings of this event would translate into improved patient care far and wide.

Dr. Jagat Narula

MD, PhD, MACC

K. Lance Gould Distinguished University Chair

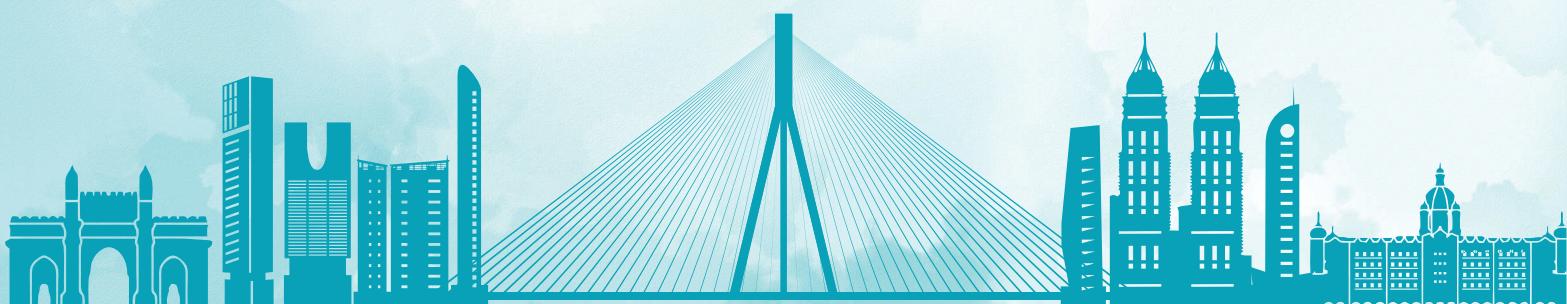

Executive Vice President & Chief Academic Officer

University of Texas Health, Houston

International Chair

Scientific Committee

WCCKMM Mumbai -2026

WELCOME MESSAGE

Dear Colleagues,

I cordially invite you to attend and participate in the **4th World Congress on Cardio Kidney Metabolic Medicine** to be held at Mumbai India, **18th-19th April, 2026**. Among other organizations, the Congress will be co-sponsored by the International Society of Cardiovascular Ultrasound (ISCU).

An excellent scientific program encompassing various aspects of interest to practicing physicians and others interested in cardio-metabolic syndrome has been planned under the leadership of Congress President, Dr. Venkata S. Ram and Executive President, Dr. Prabash Manoria together with Dr Pankaj Manoria as Secretary General and Dr S. K. Parashar as the Joint Secretary. All are experts in the field of cardio-metabolic medicine.

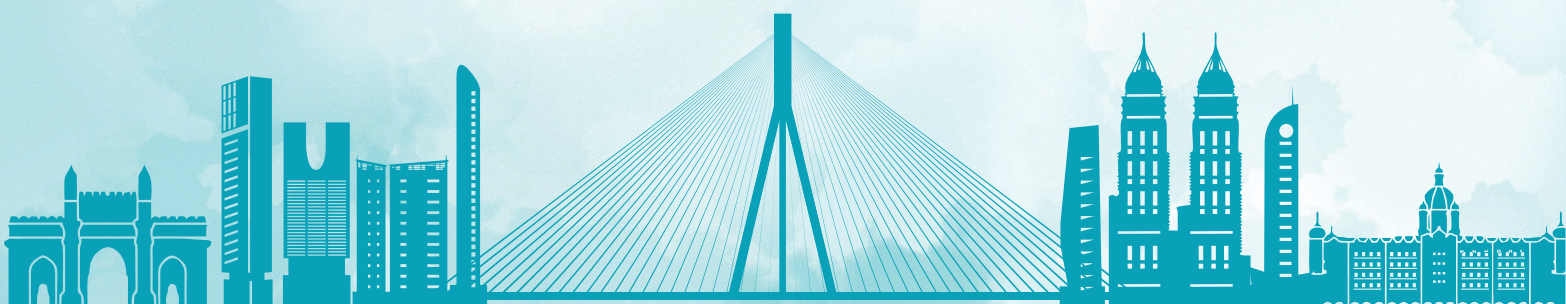

The Program will include invited lectures and debates as well as presentations of oral abstracts and scientific posters from several medical centers not only from India but also from many other countries of the world. The emphasis will be on update and the latest advances in cardio- metabolic medicine. Being the very first Congress of its type and also being held in one of India's largest metropolitan cities, a large contingent of national and international faculty and a large audience are expected to participate in this unique World Congress. Kudos to Dr. Prabash Manoria and his well chosen team for organizing such an important and timely Congress.

We look forward to the pleasure of meeting you in Mumbai, India in April 2025.

Sincerely,

Dr. Navin C. Nanda

Provisional Scientific Highlights

OBESITY

- Semaglutide : A new blockbuster for treatment of obesity and improving CRM outcomes
- Is injectable semaglutide a savior of T2D
- Tirzepatide: The dual powerful agonist for treating obesity with ongoing CV outcomes trial
- SGLT2i and GLP-1RA combination
- MASLD : A gateway for ASCVD – A call for early intervention and multidisciplinary care

LIPID MANAGEMENT

- **New game changing therapies**
 - (a) CRISPR Cas 9 technology for gene editing
 - (b) Inclisiran: Melting away bad cholesterol for a price
 - (c) Pelacarsen: Emerging transformational therapy for LP(a)
 - (d) Small interfering RNA : New agents for lowering LP(a)
 - (e) Oral PCSK9 inhibitors : The new hope for future
- Bempedoic acid: The new blockbuster for the lipid management.
- LDL-C : The concept of cumulative exposure & its relevance in lipid therapeutics:

DIABETES

- Are SGLT2 i the statins of the 21st century
- Icodec: The once weekly insulin
- Teplizumab : The new breakthrough for type 1 diabetes?
- Imeglimin: A promising and effective weapon in the treatment of type 2 diabetes.
- Artificial intelligence in diabetes care generating high quality evidence base
- Digital Twin Based Personalised nutrition for remission of T2DM
- Adopting CGM as part of standard of care: Indian Context
- Diabetic Gastroparesis: The GUT Fulling.
- Modern sulfonylureas- The green swan OADs.
- Pre diabetes: The ticking bomb.

Provisional Scientific Highlights

EMERGING CONCEPTS, EMERGING THERAPIES

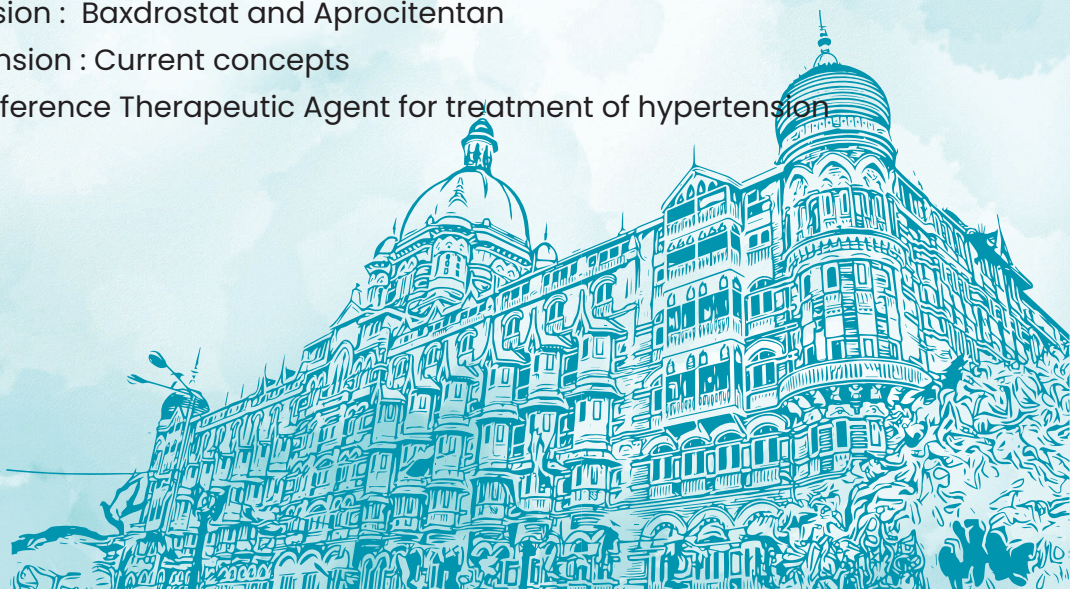

- Liver emerging as a big playground for cardiometabolic therapeutics
- De-escalation of antiplatelet therapy in ACS : Current concepts.
- Taming the flames of inflammation in cardiometabolic diseases: Hope or Hype
- Are we heading for an era of PCI with SAPT
- Tafamidis : New hope ATTR Amyloidosis
- Mavacamten and Aficamten: New therapy for HOCM
- Once weekly basal insulin.
- Antisense oligonucleotides : A novel way to target disease
- Inhibitors of factor XI: game changers of anti-thrombotic therapy?
- Omecamtiv mecarbil: The new drug for heart failure

CARDIOLOGY

- From research to practice: The future of cardiac care
- Air pollution and cardiometabolic diseases : Time for a wakeup call
- Polygenic risk score : The utility in predicting trajectory of CV diseases
- Primordial Prevention: An opportunity to be utilized for controlling huge burden of NCD
- Precision medicine : A new era in diabetes management
- Artificial intelligence in 2023: Hopes and Horrors
- Advances in antiplatelet management in post PCI patients
- VHD: Has time come to sharpen focus on myocardium for predicting outcome after interventions
- Acute myocardial infarction in young.
- Isolated systolic hypertension in young

NEW DRUGS FOR HYPERTENSION

- New drugs for hypertension : Baxdrostat and Aprocitan
- DN for resistant hypertension : Current concepts
- Zilebesiran, an RNA Interference Therapeutic Agent for treatment of hypertension

Provisional Scientific Highlights

CRITICAL CARE

- CPR: Death ritual or life saver
- War against sepsis : The ongoing progress

HEART FAILURE

- ADHF :The uphill task of improving outcome
- Drug revolution in heart failure: A big step towards improving outcome.
- Acute Decompensated Heart Failure, Volume, and Acetazolamide
- HF has changed from neuroendocrine problem to multifaceted syndrome –
- Is it time to treat heart failure regardless of ejection fraction?
- Diuretic resistance in HF : How to define, how to overcome–
- Metabolic management of heart failure
- Therapeutic role of SGLT-2 inhibitors in hospitalized patients with heart failure: From pathophysiological mechanisms to clinical evidence
- Embracing advances in worsening HF: Vericiguat, Omecamtiv Mecarbil
- Primary prevention of SCD with ICD in the era of new drug therapies for HF
- Demystifying the utility of biomarkers of HF

ECG

- Culprit artery localization in STEMI
- 3D'S OF LQTS: Drugs, denervation or defibrillation– The dilemma of making choices.
- Ventricular arrhythmias in granulomatous myocarditis
- Frequent PVCs: When to treat? When to defer?
- Quiescing VT storm: my trusted algorithm

CHRONIC KIDNEY DISEASE

- Finerenone: The third revolution in CKD
- New potassium binders: A big win for treating hyperkalemia.

Provisional Scientific Highlights

DIET

- Fast food kills faster: Myth or reality
- What is the best Cooking oil?
- Diet myths and facts in Diabetes management
- Diabetic patient: Which fruit to eat, which fruit to avoid?
- Carbohydrate counting – A must for every type 1 DM

MISCELLANEOUS

- Sleep and cardiovascular risk: how much is too much of a good thing?

18-19 April, 2026

Registration Details

Status	1-Aug to 30-Nov-25	1-Dec to 31-Jan-26	01-Feb to 31-Mar-26	Spot 01-Apr-22 onwards
Delegate	6500/-	7500/-	8500/-	9500/-
Associate Delegate	6500/-	7500/-	8500/-	9500/-
Post Graduate	6000/-	6500/-	7500/-	8500/-
Overseas Delegate	500/- USD	550/- USD	600/- USD	650/- USD

Payment & Refund Policy:

- Registration cancellation received in writing before **31st December 2025** will get 50% of the fees refunded
- No refund will be given after **1st January 2026**
- The Draft should be drawn in favour of **"Integrated society of CDEE & CC"** payable at Bhopal and sent to the conference secretariat **Dr. P C Manoria**, E-5/103, Arera Colony, Bhopal or Alternately money can be transferred online
- No Cheque will be accepted

Online Bank Account Details

Account Name: Integrated society of CDEE and CC **Account No. :** 20600770105
IFSC Code: IDIB000B800 **Bank:** Indian Bank **Branch:** Kotwali Road, Bhopal-462001

Free Papers:

- Free paper sent on the prescribed form available in the brochure will only be considered for selection. This should be sent to pmanoria@rediffmail.com
- Free papers should be sent to the conference before **1st February 2026**
- Prior registration is mandatory before sending a free paper for the conference

Award Session For Post Graduates

4th WORLD CONGRESS
Cardio Kidney Metabolic Medicine

18th-19th April 2026, Mumbai

ABSTRACT FORM

Title :
Authors (underlined presenting author and co author) :
Name of the College, Department & Place :
Category : (a) Paper sent for Oral presentation OR (b) Paper sent for Poster Presentation If the category is not ticked the paper will be rejected
• One PG can present only one paper Oral or Poster. If a PG sends a paper for Oral and another paper for poster presentation, one will be automatically rejected. • The PG must be registered before sending a free paper. • The abstract of the paper must be printed in the space provided below. • Please prepare this abstract form in word format and send it to the email given below.
E-mail of the first author only. Paper received from other mail will be rejected :
WhatsApp number of presenting author :

Note:

- Only registered delegates are entitled for sending abstract.
- The abstract must be sent on pmanoria@rediffmail.com before 31st January, 2026
- First 3 oral presentations will be awarded prize of Rs. 20,000.00, 15,000.00 & 10,000.00
- First 3 Poster presentations will be awarded prize of Rs. 15,000.00, 10,000.00 & 5,000.00

4th WORLD CONGRESS
Cardio Kidney Metabolic Medicine

18th-19th April 2026, Mumbai

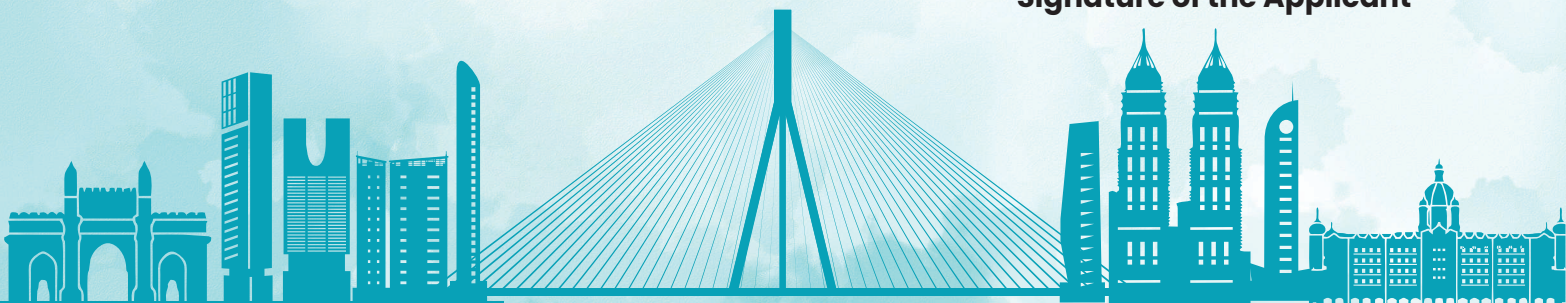

Application FORM

Fellowship in Cardio Kidney Metabolic Medicine

1. Name :
(In Block Letters)
2. Current Designation :
3. Qualification & :
Year of Passing
4. Clinical Experience :
5. Publications in Journals :
6. Participation in conferences :
7. Achievements :
8. Membership & fellowship in :
professional bodies

The application should be accompanied by a Demand Draft of Rs. 15000/- drawn in favour of Integrated Society of CDEE & CC payable at Bhopal

Signature of the Applicant

Stall Details

STALL	COST
- Stall owners can display banners and hoarding only within designated stall area. No banners are allowed outside the designated stall. - For branding purpose only double sided tapes to be used. - No nailing will be allowed in the stall. - Subletting of stall will be considered as breach of contract and in such a case the stall owner will be asked to vacate the stall with immediate effect and a fine of Rupees Five Lakh will be charged. - Sharing of stall is strictly prohibited. - Goods and Material displayed in stalls should be as per Government Rules and Regulations. - Stall owners will be have to obtain a gate pass from Hotel management while getting material from outside. - Organizers reserve all rights to alter the stall layout or allocation of stalls.	10,00,000/-
SESSION SPONSORSHIP	COST
- Scientific session will be named after the company - Faculty and scientific content will be decided by the Scientific Committee.	10,00,000/-
AUDIO VISUAL SPONSORSHIP	COST
Sponsoring companies slides in between sessions and Lunch and Tea breaks	18,00,000/-
SPONSORSHIP FOR ALL WCCKMM 2026 BROCHURES	COST
Branding on last page of all brochures	10,00,000/-
PAYMENT CONDITIONS	
- Demand Drafts in the name of "Integrated society of CDEE and CC" No stall will be given if payment is not received by scheduled date. - Demand draft should be received 1 month prior to the conference.
